

LIBERTON KIRK NEWS EXTRA

2nd April 2020

Dear Friends,

Hoping you all received the last news letter by post. The kirk magazine is being delivered but might be later than usual. If you are someone who goes online you will find it on the kirk website. You can also listen to a daily reflection which people are finding useful.

This morning one of the café volunteers posted a quiz to keep us occupied for the day. It was fun and thoughtful of that volunteer. Many folk are able to keep in touch through technology like zoom and whats app. As a staff team we are still meeting on a Tuesday morning to share and pray together. We do this from the comfort of our homes and zoom. I am amazed I am able to operate this technology with a little help from my friends. With zoom we can see and hear each other it helps us to stay connected. I hope you are able to stay connected either using some of the technology I mentioned or by phone. It is so important, if someone comes to your mind why not give them a call.

Yesterday I went out for a walk and enjoyed just seeng people from a distance and also had the opportunity to talk to my brother from a distance. These days I am appreciating faith friends and family more than usual, I hope this continues. Today I want to share this photo with you that a café volunteer took while out for their daily walk.

A beautiful rainbow a sign of hope. Imagine how Noah felt when the dove went out and came back with an olive leaf showing the rain was drying up and life would be restored. And God said, “This is the sign of the covenant I am making between me and you and every living creature with you, a covenant for all generations to come: ¹³I have set my rainbow in the clouds, and it will be the sign of the covenant between me and the earth. ¹⁴Whenever I bring clouds over the earth and the rainbow appears in the clouds, ¹⁵I will remember my covenant between me and you and all living creatures of every kind. Never again will the waters become a flood to destroy all life. ¹⁶Whenever the rainbow appears in the clouds, I will see it and remember the everlasting covenant between God and all living creatures of every kind on the earth.”

¹⁷ So God said to Noah, “This is the sign of the covenant I have established between me and all life on the earth.”

Hope is so important today and the covenant God made with his people.

With much love

Linda (Phone Number 07850411596)
